REPORT NOTES

Collection date is intentionally absent. Never substitute today or the upload date.

The glucose result is an inequality. Do not silently convert it to a scalar of 110.

Weight has no unit. Do not guess kg or lb.

Hemoglobin and HbA1c are intentionally outside the current supported metric fields.

DEMO REFERENCE BAND - NOT A PATIENT RESULT

Total cholesterol: 100-200 mg/dL (synthetic comparison band only).

The measured total cholesterol result is 213 mg/dL in the table above.
